We strive to educate with the highest level of technology.

We pledge to prepare children to graduate and achieve personal success.

Mission

The mission of Williston Public School District #1 is to prepare students to be successful at the next level of education, work, and life.

HANDBOOK INTRODUCTION

The policies and procedures contained in this handbook are the result of effort by the school board, administrators, and faculty. This information is intended to help students and their families know and understand the general procedures followed on a day-to-day basis.

Many of the policies in this handbook are a condensed version of the school policy, which can be obtained from the school upon request. Policies are also available at www.willistonschools.org. The administration reserves the flexibility to deviate from outlined procedures to meet extenuating circumstances.

ACADEMIC FREEDOM

Teachers shall abide by the curriculum standards adopted by the Board. They shall only select issues for study that contribute to the attainment of course objectives, are consistent with state standards and the district's mission, and are appropriate for classroom presentation. Teachers shall determine the appropriateness of a topic based on the following criteria:

1. There are adequate and age-appropriate materials available that will allow students to learn about all sides of an issue.
2. The topic is age-appropriate, considering the emotional, intellectual, and social capacities of the class as a whole.
3. Teachers are equipped personally and academically to present the topic objectively, allowing students to formulate their own opinions.

Controversial Topics

Controversial topics are issues that are often a matter of opinion and are subjects of public dispute, debate, or contention. When a topic is of a controversial nature, teachers shall receive administrative approval prior to presenting it in the classroom.

Teachers may offer an opinion on issues discussed in the classroom provided that the teacher clarifies that the opinion should not be construed as an authoritative answer, that the teacher is speaking on his/her own—not the district's—behalf, and encourages students to form their own opinions, stressing that students are free to express their own views without fear of academic reprisal.

Teachers that violate this policy or whose speech compromises the district's ability to provide a safe and non-disruptive educational environment may be subject to disciplinary action up to and including discharge.

ACCIDENTS

1. In the event a child is injured in school, first aid will be administered by school personnel.
2. If the accident is of a serious nature, the parents will be called. The person responsible for supervision at the time of the accident will complete an accident report form. If the school is unable to contact the parents, the ambulance may be called to transport the student to a medical facility.

ACCOMMODATION PLANS – SECTION 504

Williston Public School District #1 has a duty to locate, evaluate, and identify any child attending the public schools who may require Section 504 accommodation or services. Children eligible for Section 504 accommodation or service include those children who have a physical or mental impairment that substantially limits a major life activity. Disability defined under Section 504 of the Rehabilitation Act of 1973 protects students from discrimination based upon their disability status. A student qualifies as disabled under the definition of Section 504 if he or she:

- Has a mental or physical impairment, a record of impairment, or is regarded as having such an impairment; and
- Is substantially limited in his or her major life activities that include abilities such as (but not limited to) self-care, breathing, walking, seeing, performing schoolwork, speaking, and learning.

The student must also demonstrate a need for special services in school. This is typically determined through formal assessment, review of educational records, formal observations, medical data, adaptive behavior measures, and parent and teacher reports.

If you suspect your child has a disability and my need 504 accommodations, or if you would like additional information, please contact your building principal, or call the District 504 coordinator, Pamela Lambert at 572-1580.

ALERT SOLUTIONS

Alert Solutions is Williston Public School District's rapid notification service. Alert Solutions provides all parents the opportunity to receive school news quickly and effectively via voice calls, email messages or SMS messages. Alert Solutions messages will be sent to notify parents of school closings and parent meetings.

ALLERGIES

Parents are asked to notify the school of the child's allergies prior to the beginning of the school year or as soon as the child is diagnosed by a medical professional. Parents are required to provide written medical documentation of the allergies each school year. A meeting will be held with the school team to write a long term health care plan which will outline the procedures the school will take to keep children as safe as possible in the school setting.

No peanuts, or foods containing peanuts, or fish will be served in K-8 buildings. Students are allowed to bring peanut products into the school building. Some classrooms may be designated as allergy safe classrooms to protect students with life threatening allergies. The school website will have school menus posted to assist parents in selecting safe food for their child to eat.

USE OF ANIMALS IN DISTRICT SCHOOLS & IN CURRICULAR PROGRAMS

Use of Service Animals by the Disabled

Disabled students and staff, as defined by Section 504 of the Rehabilitation Act, may be granted use of a service animal for the purpose of reasonable accommodation. The Superintendent shall make such determinations on a case-by-case basis based on the following criteria. Whether the presence of the service animal would:

1. Impose an undue financial or administrative burden on the District;
2. Require a fundamental alteration to the educational program;
3. Injure the legitimate and legally protectable rights of others. In such cases, a disabled student's parent may be given the option of changing the student's educational placement if alternative placement will remedy the infringement of other's rights.

Revocation of Animal Use

The decision to allow any type of animal in school may be revoked if:

1. The animal poses a direct health and/or safety threat to others;
2. The animal is out of control;
3. The animal's presence has fundamentally altered the educational program.

Animal Related Injuries

The principal and parent/guardian (if a student is involved) shall be notified as soon as possible if an animal bites an individual on school property or during a school-sponsored activity or an animal-related incident occurs on school property or during a school-sponsored activity that could have an adverse effect on an individual's physical or emotional health. An accident report shall be filed in accordance with district policy and regulations.

ASBESTOS

Records of all environmental and EPA regulated projects (radon, lead in the water, asbestos) are kept on file in the District Office. The last three year re-inspection was April 11, 2018. Any questions can be answered by contacting the Superintendent.

ASSEMBLIES

Generally, school administrators will determine or substantially control the content of what is expressed at student assemblies. In such cases, religious expression will not be permitted as the religious expression may be attributed to the

school or seen as an endorsement of a particular religious belief or expression. However, in the instances where students are selected to speak at assemblies based upon neutral selection criteria and where the student speaker has primary control over the content of the oral presentation, the school will not restrict the student speech because of its religious or anti-religious content. In such cases, school authorities will publicly clarify that the content of the student's speech is the speaker's opinion and not the school's.

For the purposes of this policy, primary control is defined as authority by a student to include any content in a speech so long as it is not profane, sexually explicit, defamatory, disruptive, and/or does not infringe on the rights of others. Students may speak on individual religious views and experiences but prayer and proselytizing shall be prohibited because such speech may infringe on the rights of the audience. Administration shall review student speeches prior to delivery. In the event that a speech contains potential prohibited content, administrators shall contact legal counsel to seek guidance before asking a student to remove such content.

ATTENDANCE & ABSENCES

North Dakota law has established age requirements for compulsory attendance. In order to comply with and enforce these requirements, the Board establishes the following attendance policy:

Definitions

For the purposes of this policy:

- *Excused absence* is defined as absence caused by illness, injury, family emergency, religious observance, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed excusable by the building principal or Superintendent. The Superintendent or designee shall develop criteria for requesting and granting an excused absence and shall establish make-up work requirements.
- *Unexcused absence* is defined as an absence that is not excused and/or has not been approved by the [building] principal or Superintendent. Unexcused absences include but, are not limited to, being absent from class or a scheduled activity during the school day without a parent's/guardian's consent and appropriate school approval. If a student is absent for an unexcused reason, the parent/guardian shall still be responsible for calling the principal's office to explain the absence.

Accumulated Absence

The Board believes there is an intangible benefit associated with being present in the classroom. Attendance may be a factor used in computing students' grades. Students who are absent may be subject to academic sanctions (which may include, but not be limited to, a point, percentage, loss of credit, or grade reduction) and/or intervention counseling in accordance with administrative regulations.

Suspected violations of the compulsory attendance law shall be investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with reporting requirements under law.

ATTENDANCE

Regular attendance is necessary to achieve educational progress. Children are required by North Dakota law to be in attendance every day that school is in session. Williams County Social Service Personnel will be contacted after habitual absences have occurred. Illnesses and certain other incapacities are exceptions to the attendance requirements. Children should be encouraged to attend school every day unless they are ill.

Students are expected to be on time and prepared for school. If a student arrives at school after 8:01 AM, the student is considered tardy. The student must report to the office to have his/her name removed from the absentee list. Parents are asked to notify the school if their child is going to be tardy or absent.

If a child is absent and the school office has not been notified by the parents of the absence, our program Safe Arrival will contact parents to verify the location of the child. Safe Arrival will call parents by 10:00 AM.

Parents are encouraged to make personal or medical appointments for their children before or after school hours.

Parents are encouraged to pick up their child's school work on the days the child is absent. If parents know in advance of a child's absence, parents are encouraged to get the child's school work before they leave so the work can be completed prior to the absence.

Upon returning to school after an extended illness (5 consecutive days), students may be required to present a physician's note to the school office, giving the reason for the absence. Such written statements permit survey checks on prevalent community illnesses and also assure school personnel that parents are aware of a child's absence.

Parents will receive letters from the principal when their child has been absent or tardy for eight and sixteen days during the school year. If a child's absences or tardiness become habitual and the principal is not satisfied that the absences are excusable, the principal may file a Report of Suspected Child Abuse or Neglect with Williams County Social Services. Habitual absence is defined as four or more absences per each nine-week period.

BULLYING POLICY

The Williston School District is committed to providing all students with a safe and civil school environment in which all members are treated with dignity and respect. Bullying of or by a student or school staff member is against federal, state, and local policy and is not tolerated by the Board. Bullying behavior can seriously disrupt the ability of the District to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the District that students and school staff members shall not engage in bullying behavior while on school property.

Definitions

For the purposes of this policy:

- Bullying is defined in NDCC 15.1-19-17 as:
 - a. Conduct that occurs in a public school, on school district premises, in a district owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event and which:
 - i. Is so severe, pervasive, or objectively offensive that it substantially interferes with the student's educational opportunities;
 - ii. Places the student in actual and reasonable fear of harm;
 - iii. Places the student in actual and reasonable fear of damage to property of the student; or
 - iv. Substantially disrupts the orderly operation of the public school; or
 - b. Conduct received by a student while the student is in a public school, on school district premises, in a district owned or leased school bus or school vehicle, or at any public school or school district sanctioned or sponsored activity or event and which:
 - i. Is so severe, pervasive, or objectively offensive that it substantially interferes with the student's educational opportunities;
 - ii. Places the student in actual and reasonable fear of harm;
 - iii. Places the student in actual and reasonable fear of damage to property of the student; or
 - iv. Substantially disrupts the orderly operation of the public school.
 - c. Conduct received or sent by a student through the use of an electronic device while the student is outside a public school, off school district premises, and off school district owned or leased property and which:
 - i. Places the student in actual and reasonable fear of:
 1. Harm; or
 2. Damage to property of the student; and
 - ii. Is so severe, pervasive, or objectively offensive the conduct substantially interferes with the student's educational opportunities or substantially disrupts the orderly operation of the public school. Conduct includes the use of technology or other electronic media (e.g. cyberbullying).
- Electronic communication is defined in NDCC 12.1-17-07(5) as a transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo-electronic, or photo-optical system.
- Protected status are classifications/characteristics protected from discrimination by NDCC 14-02.4-01 and federal law. The following statuses are protected: race, color, religion, sex, national origin, age, disability (physical or mental), and status with regard to marriage or public assistance.
- School property is defined in NDCC 15.1-19-10(6)(b) as all land within the perimeter of the school site and all school buildings, structures, facilities, and school vehicles, whether owned or leased by a school district, and the site of any school-sponsored event or activity.

- School-sanctioned activity is defined as an activity that:
 - a. Is not part of the district’s curricular or extracurricular program; and
 - b. Is established by a sponsor to serve in the absence of a district program; and
 - c. Receives district support in multiple ways (i.e., not school facility use alone); and
 - d. Sponsors of the activity have agreed to comply with this policy; and
 - e. The District has officially recognized through board action as a school sanctioned activity.
- School-sponsored activity is an activity that the District has approved through policy or other board action for inclusion in the district’s extracurricular program and is controlled and funded primarily by the District.
- School staff include all employees of the Williston School District, school volunteers, and sponsors of school-sanctioned activities.
- True threat is a statement that, in light of the circumstances, a reasonable person would perceive as a serious expression of an intent to inflict harm.

Prohibitions

While on school property a student or school staff member may not:

1. Engage in bullying.
2. Engage in reprisal or retaliation against:
 - a. A victim of bullying;
 - b. An individual who witnesses an alleged act of bullying;
 - c. An individual who reports an alleged act of bullying; or
 - d. An individual who provides information/participates in an investigation about an alleged act of bullying.
3. Knowingly file a false bullying report with the District.

Reporting Procedures for Alleged Policy Violations

1. Reporting requirements for school staff: Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or 3 written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform them as soon as possible. If the alleged violation implicates the building principal, the school staff member shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall report it to the Board President.

Should school administration determine that a school staff member knew of or suspected a violation of this policy and failed to report it in accordance with the procedure above, the staff member may be subject to disciplinary consequences or, for sponsors of school-sanctioned activities, other corrective measures.

2. Reporting options for students and community members: Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form (ACEA-E4). A complainant will have the option of including their name on this form or filing it anonymously. The District will place the form in a variety of locations throughout the school and should inform students and staff of these locations. The form may be returned to any school staff member, filed in a school building’s main office, or placed in a designated drop box located in each school.
 - b. Complete and submit an online complaint form. A complainant will have the option of including their name on the form or submitting it anonymously.
 - c. File an oral report with any school staff member.
 - d. Report through Project Stand Up.

Bullying may be a repeated or, in rare cases, one-time exposure to deliberate, negative behavior by one or more individuals that is unprovoked. Single incidents and conflicts between two or more individuals do not automatically constitute bullying behavior. Districts should investigate each situation to determine if the alleged behavior meets this policy’s definition of bullying. If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other district disciplinary policies.

A complaint filed anonymously may limit the district’s ability to investigate and respond to the alleged violations.

Documentation and Retention

The District shall develop a form to report alleged violations of this policy (ACEA-E3). The form should be completed by school staff when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

The form should be completed by an administrator when they:

1. Initiate a report of an alleged violation of this policy; or
2. Receive an oral report of an alleged violation of this policy.

All written reports of an alleged violation of this policy received by the District shall be forwarded to the appropriate school administrator for investigation and retention.

Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 years old or graduates from high school, whichever is later.

Investigation Procedures

School administrators (i.e., a principal, an assistant superintendent, or the Superintendent) or the Board President, if the Superintendent is implicated, are required to investigate violations of this policy (as prescribed under “Prohibitions”), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected status—whether actual or perceived. Reports involving a protected status shall be investigated in accordance with the district’s discrimination/harassment policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and their relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; and whether or not this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (NOTE: In some cases physical evidence may be unobtainable, e.g., a private social networking profile).
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator.
3. Interviews with any identified witnesses.
4. A review of any mitigating or extenuating circumstances.
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to the victim and alleged perpetrator during the investigation.

Reporting to Law Enforcement and Others Forms of Redress

Law enforcement must be notified by a school administrator or Board President if there is reasonable suspicion that a bullying incident constituted a crime on or off school district property. Nothing in this policy shall prevent a victim/their family from seeking redress under applicable state and federal law.

Disciplinary and Corrective Measures

Students who the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy,

administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

1. Require the student to attend detention.
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district's suspension and expulsion policy shall be followed.
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond. Alternative placement of special education students will be handled in accordance with applicable policy.
4. Create a behavioral adjustment plan.
5. Refer the student to a school counselor.
6. Hold a conference with the student's parent/guardian and classroom teacher(s), and other applicable school staff.
7. Modify the perpetrator's schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim.
8. If applicable, contact the administrator of the website or social media platform on which the bullying occurred to report it.

If the misconduct does not meet this policy's definition of bullying, it may be addressed under other district disciplinary policies.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with applicable law and/or policy.

Victim Protection Strategies

When the District confirms that a violation of this policy has occurred, it should notify the victim's parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.

Dissemination and Education

The District shall review and revise this policy as it determines necessary. A copy of this district bullying policy and any amendments must be filed with the Department of Public Instruction.

The District shall place this policy, in its entirety, in student and staff handbooks and ensure that it is explained and discussed with its students each school year. The District shall also develop and implement bullying prevention programs for all students and staff professional development activities. School administration may develop guidelines to assist students and staff with identifying bullying conduct.

BUS CONDUCT

The District has disciplinary authority over students while being transported in district owned, leased, and/or contracted vehicles to and from school and during school-sponsored curricular and extracurricular events. The transportation supervisor shall determine the level of disciplinary authority that shall be given to school vehicle driver and develop regulations for handling student misconduct on school vehicles.

Conduct Requirements

Students shall be required to abide by all applicable district conduct and safety policies while in district vehicles. The Superintendent or designee may develop additional, specific regulations related to conduct in school vehicles.

Violations

Students who violate any of these policies or rules may be subject to the consequences contained in applicable student discipline policies.

When the conduct of a disabled and/or special education student transported in a school vehicle poses a transportation safety risk or when the conduct otherwise violates policy to the extent that it compels the District to reconsider the student's transportation arrangements, prior to making a removal decision, the District shall determine the following:

1. If transportation is part of the student's 504 Plan and/or Individual Education Program (IEP).
2. If removal would constitute a removal from the education program as determined by the following factors:
 - a. There is a significant distance between the student's home and school.
 - b. There are no alternative means of public or private transportation.
 - c. The school has not made appropriate arrangements to provide for the student's education.

If criteria one or two above is applicable, the 504/IEP Team will develop an alternative means of providing transportation to the disabled and/or special education student in accordance with federal laws and regulations or will treat such student's removal from school transportation as suspension from the educational program and will follow the procedure for suspension contained in the district's suspension/expulsion policy and in federal regulations.

CARRYING WEAPONS

Definitions

- *Firearm* is defined in accordance with 18 U.S.C. 921.
- *School property* is defined in NDCC 15.1-19-10 (6)(b) as all land within the perimeter of the school site and all school buildings, structures, facilities, and school vehicles, whether owned or leased by the District, and the site of any school-sponsored event or activity.
- *Weapon* includes, but is not limited to:
 - Any *dangerous weapon* as defined by NDCC 62.1-01-01;
 - Any device designed to stun through use of voltage whether through direct contact or through a projectile;
 - Any firearm look alike or dangerous weapon look alike brought on school property with the intent to threaten or intimidate;
 - Any other object that a student used, attempted to use, or intended to use to threaten or intimidate, cause destruction to property, or to cause injury to self or others;
 - Spray or aerosol containing ortho-chlorobenzamalonitrile or other irritating agent intended for use in the defense of an individual.

Prohibitions

No student will knowingly possess, handle, carry, or transmit any firearm or weapon on school property.

Disciplinary Consequences

Violation of this policy will result in disciplinary action up to and including suspension or expulsion. Bringing a weapon other than a firearm to school will require that proceedings for the suspension for up to 10 days and/or expulsion for up to 12 months be initiated immediately in accordance with the district's suspension and expulsion policy.

Bringing a firearm to school will require that the District immediately initiate proceedings for the expulsion of the student involved for a minimum of one calendar year in accordance with the district's suspension and expulsion policy. The Superintendent may modify the length of a firearms-related expulsion on a case-by-case basis based on the following criteria:

1. The totality of the circumstances, including the severity of the incident and the degree of endangerment of other students and staff.
2. The age and grade level of the student.
3. The prior disciplinary history of the student being expelled.

4. Relevant factors that contributed to the student's decision to possess a firearm in violation of this policy.
5. The recency and severity of prior acts resulting in suspension or expulsion.
6. Whether the optional provision of educational services in an alternative setting is a viable alternative to modifying the duration of the expulsion.
7. Input, if any, provided by licensed professionals (psychologists, psychiatrists, counselors) as to whether the expelled student would place himself/herself or others at risk by returning to the school prior to the expiration of the expulsion period.

Parents will be notified and all weapons will be confiscated and may be turned over to the student's parents or to law enforcement officials at the discretion of the administration. Firearms will be confiscated and turned over to law enforcement.

Special Education Students

A student who is defined as having a disability under the Individuals with Disabilities Education Act (IDEA) who has brought a weapon to school shall be handled in accordance with IDEA regulations. The District shall make manifestation determinations, disciplinary decisions, and placement decisions of such students in accordance with IDEA regulations.

Nonapplicable Provisions

This policy does not apply to students enrolled and participating in a school-sponsored shooting sport, provided that the student informs the school principal of the student's participation and the student complies with all requirements set by the principal regarding the safe handling and storage of the firearm. The principal may allow authorized persons to display weapons, other dangerous objects or look-a-likes for educational purposes. Such a display will be exempt from this policy.

CHILD ABUSE/NEGLECT REPORTING LAW

In order to comply with the Child Abuse/Neglect Law (Section 50-25.1 NDCC), it is the policy of Williston Public School District #1 that any school employee who knows or reasonably suspects that a child's health or welfare has been or appears to have been harmed as a result of abuse, neglect and/or sexual molestation, shall report or cause reports to be made in accordance with the District's adopted procedures. If a school employee has subsequent reason to suspect further abuse or neglect, additional reports will be made.

CLASSROOM ASSIGNMENTS

Students will be placed on teams made up of 3 to 4 teachers. Parental requests may be taken into consideration. All requests must be in writing, including the reason for making the request, and turned in to the school office during the month of April. Final classroom assignments will be determined by the building principal through use of PowerSchool and will be released in August. Once the team assignments are announced, no changes will be made.

COMPLAINTS

Individual board members have no authority to resolve complaints and the Board, as a whole, believes that patron complaints should be resolved at the lowest level of authority possible. Therefore, whenever a complaint is made to an individual board member or the Board as a whole, it will be referred to school administration for processing at the lowest level of authority possible.

If the complaint is not satisfactorily remedied at the building level, either party may refer the matter to the Superintendent for investigation. The Superintendent shall complete the investigation within a reasonable deadline in accordance with any applicable deadline in law.

If all other remedies have been exhausted, a complainant may request that the matter be placed on the agenda of the next regular school board meeting; however, the Board will not hear, consider, or act upon complaints that have not been investigated at each appropriate level of authority, nor will the Board hear, consider, or act upon complaints for which specific complaint resolution procedures have been established that do not allow for board review of the complaint, including but not limited to complaints about personnel and complaints about instructional material.

Anonymous Complaints

Anonymous complaints provide no avenue for response or redress of the complaint. An unsigned complaint will not be read or acted upon at any meeting of the Board and anonymous telephone complaints will not be brought to the Board by any individual board member, administrator, or other employee. No disciplinary action will be initiated based solely on an anonymous complaint; however, the administration will investigate every anonymous complaint.

Parental Complaints

While parents enjoy a unique relationship with the schools and are the recipients of special communications concerning school events and programs as well as communications concerning their own child's progress, parents shall use the same channels of processing complaints as by other citizens.

Complaints for which specific resolution procedures are provided shall be directed through those channels. These include, but are not limited to, complaints about personnel and complaints about instructional materials.

COMPLAINTS ABOUT PERSONNEL

In order to provide an effective procedure for responding to complaints about school district personnel in a manner that is in the best interests of promoting better educational opportunities for children, the following policy is adopted.

Filing Procedure

The following procedure is intended to minimize the risk of a possible action for libel or slander, to retain the impartiality of the Board, and to maximize compliance with North Dakota law.

Complaints should be resolved at the lowest possible level of authority. If the complaint cannot be satisfactorily resolved at that level, the complaint shall be directed to the principal or other supervisor directly responsible for supervision of that employee. The supervisor shall:

1. Investigate the complaint.
2. Promptly notify the employee if the complaint is to be placed in the employee's personnel file. The decision to place information into any personnel file will be made by the administration based on the results of an inquiry or investigation.
3. Schedule a meeting of the employee, the complainant, and the supervisor if deemed appropriate.
4. Provide a response to the complainant within 60 days of receipt of the complaint. Upon conclusion of the investigation, the complainant will be informed as to the outcome of the investigation and the disposition of the complaint. If either party is not satisfied with the handling of the complaint, the matter can be appealed to the Superintendent for final resolution.

Complaints about the Superintendent and/or business manager shall be directed to the Board President, who shall follow the same procedure and shall have authority to take disciplinary action except when dismissal is contemplated. Dismissal recommendations for the Superintendent and/or Business Manager must be referred to the Board for a determination made in accordance with applicable law.

Deadlines

To be considered for investigation, any such complaint must have been filed within 180 days of the alleged occurrence. (Exception to the 180 days would be an accusation of sexual abuse.) The District has a separate investigation procedure for complaints of harassment and/or discrimination.

Prohibition: Retaliation

The District will not tolerate any form of reprisal, retaliation, or discrimination against an employee, district contractor, district agent, student and/or community member because s/he, in good faith, files a complaint against the District (or a district employee, contractor, or agent) under this policy. Furthermore, the District will not tolerate any form of reprisal, retaliation, or discrimination against an employee, district contractor, district agent, student and/or community member because s/he participates in an investigation, hearing, or inquiry related to this policy.

Prohibition of False Claims

Medication Administration

Medication Administration School personnel may not dispense prescription medication to students unless the licensed prescriber and parents have signed the "Prescription or Over the Counter (OTC) Authorization for Medication Administration" form. Nonprescription medication (over the counter medications, such as acetaminophen, cough syrup, etc.) will be administered according to the manufacturer's recommendation as written on the bottle. In addition, the parent or legal guardian needs to sign an authorization form. These forms are available at all school offices, at most clinics, and on willistonschools.org. A new form must be submitted at the start of the school year or when any changes occur from the original prescription order. All medication will be located and dispensed from the school office or other designated areas. Medication must be sent to school in the original container. When a prescription is ordered at a pharmacy, you can request the order be placed in two bottles if medication is also needed for home. Medication left at the end of the school year must be picked up by an adult or it will be disposed of by the nurse two weeks after school is completed for the year.

- Affords opportunities for increasing self-direction
- Enriches and extends school experiences

INSURANCE

The Williston Public School District #1 does not have special accident insurance coverage for students. It is suggested that each family/student contact their personal insurance agent/broker to determine their individual needs for accident insurance coverage.

LEGAL CUSTODY

Parents/guardians who are divorced/separated and have children enrolled in this school district should submit to the building principal's office legal documentation indicating who has custody, visiting rights and who may receive information pertaining to the child/children's progress in school. This is important in cases in which one parent is legally denied contact with the child. In such cases the school will make every effort to cooperate with court orders.

LEGAL NAME

Each child's legal name, the name found on their birth certificate or court ordered documents, will be used on all

educational forms and records.

LIBRARY PROGRAM

The library is a valuable resource that should be utilized on a regular basis. The librarian will make arrangements so all students have the opportunity to check out books weekly.

LOCKERS and LOCKER SEARCHES

The District retains ownership and control of all lockers. Access to all lockers is a legal right of school officials whose responsibility it is to protect the health, safety, and welfare of all students enrolled. Students shall have no reasonable expectation of privacy when using lockers. Student shall be given advanced notice of this policy through student handbooks or another form of notification.

Lockers may be subject to suspicion-less searches, inspections for purposes such as routine maintenance, or searches where there is suspicion that locker(s) contains objects/substances that are illegal, violate school policy, or may be detrimental to the health, safety, or welfare of district students

Search Procedure

When a locker is subject to a search, the principal/Superintendent should be accompanied by at least one other school staff member.

Students' personal items stored in lockers such as, but not limited to, book bags, purses, and coats shall not be searched unless there exists reasonable suspicion that they contain an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. Administrators shall make a reasonable attempt to have students present during searches of personal items contained in lockers except when an immediate search is necessary in the event of an emergency.

The Superintendent should be notified whenever a search has been conducted if the Superintendent was not involved in the search.

Use of Trained Dogs & Involvement of Law Enforcement

Trained dogs may be used to smell the outside of students' lockers. If the dog detects the possibility of objects/substances that are illegal or violate school policy, the principal/Superintendent shall search the locker in accordance with the search procedure above.

In the event a police officer or other law enforcement officer is to conduct a search of a student's locker, probable cause is necessary unless the search is school-initiated and would pose a safety threat if conducted by school staff.

Illegal substances found in lockers will be turned over to proper authorities.

MCKINNEY VENTO HOMELESS ACT

It could happen at any time, but currently due to the booming economy and lack of affordable housing in Williston, more area families are finding themselves living in temporary situations. According to the federal McKinney Vento Act, when a student "lacks a fixed, regular and adequate nighttime residence", whether it's living in a camper, at a campground, at a hotel or doubled up with friends or family due to economic hardship or similar reasons, they are considered homeless. These students in transition, from preschool through high school, including unaccompanied youth, may face unique barriers when it comes to education. The McKinney Vento Act was designed to address these issues and all school districts are required to designate a liaison to serve these students.

In compliance with this federal law and state requirements, WPSD #1 has a written "Students in Transition" policy and employs a Homeless Liaison to work directly with these students. The main goal is to ensure that even though their living situation is temporary, these students encounter no barriers to a free, public education. The three key provisions of the McKinney Vento Act, school access, school stability, and support for academic success are the framework for providing services. Services are designed to eliminate or minimize any barriers a family may face in their efforts to keep their student enrolled, attending and fully participating in school at every level. It is also meant to connect these students and/or families with existing community resources to assist them in areas outside of education.

Your Rights if You Live in a Temporary Situation:

McKinney-Vento is a federal law designed to remove barriers to education created by homelessness and provide for the educational rights of students in transition. McKinney Vento services may be provided to children and youth who lack a permanent, regular, adequate, fixed night time residence and instead live in any of the following situations due to economic hardship, loss of housing or similar reason:

- Living “doubled up” with relatives or friends due to economic hardship, loss of housing or a similar situation
- In an emergency or transitional shelter
- In a motel, hotel, RV park or campground due to lack of alternative housing
- In a car, park, abandoned building, camper, bus/train station, substandard housing
- Moving from one place to another (“couch surfing”)
- Awaiting foster care placement

If you believe your children may be eligible, contact Debra Roel at 1-701-572-1580 or 1-701- 751-5087.

MEDICATION

A policy will be made available for dispensing medications when it becomes available by Williston Public School District #1. This is in accordance with the North Dakota School Board Association.

2. Protect the health and safety of all students, employees, and the general public.

Tobacco use is the leading cause of preventable death and disability in North Dakota. To support and model a healthy lifestyle for our students, the Williston School Board establishes the following tobacco-free policy.

Use & Possession Prohibitions

PARENTAL CONCERNS

In order to provide an effective procedure for responding to complaints in a manner that is in the best interests of promoting better educational opportunities for children, the following policy is adopted.

Complaints should be resolved at the lowest possible level of authority. If the complaint cannot be satisfactorily resolved at that level, the complaint shall be directed to the principal or other supervisor directly responsible for supervision of that employee. The supervisor shall:

1. Investigate the complaint.
2. Promptly notify the employee if the complaint is to be placed in the employee's personnel file. The decision to place information into any personnel file will be made by the administration based on the results of an inquiry or investigation.
3. Schedule a meeting of the employee, the complainant, and the supervisor if deemed appropriate.
4. Provide a response to the complainant within sixty (60) days of receipt of the complaint. Upon conclusion of the investigation, the complainant will be informed as to the outcome of the investigation and the disposition of the complaint. If either party is not satisfied with the handling of the complaint, the matter can be appealed to the Superintendent for final resolution.

To be considered for investigation, any such complaint must have been filed within 180 days of the alleged occurrence. (Exception to the 180 days would be an accusation of sexual abuse.) The District has a separate investigation procedure for complaints of harassment and/or discrimination.

Complaints about the Superintendent shall be directed to the Board President, who shall follow the same procedure.

This procedure is intended to minimize the risk of a possible action for libel or slander, to retain the impartiality of the Board, and to maximize compliance with North Dakota law.

PARENT INVOLVEMENT IS THE KEY

Research has shown that when a parent is actively involved in their child's education the benefits are far reaching for the child, the parent and the school. Over the years expectations have changed and the types of parent involvement have grown to include a more extensive view of how and what parents can do to be involved. Williston Public School District #1 bases its Parent Involvement policy and all subsequent activities and events on this expanded view of parent involvement. We recognize that creating a warm, welcoming climate within the schools and building a positive connection between the school and the families is the best way to develop an effective working relationship between these very important groups of people.

Parent involvement is also an important piece of new state and federal policies, such as No Child Left Behind, that direct school districts. To meet those requirements, Williston Public School District #1 created a Parent Involvement Policy and hired a Parent Involvement Coordinator to assist the schools in reaching parents and creating and maintaining the valuable parent-child-school connection. By providing opportunities and implementing activities across all six types of involvement, schools and educators can help improve student achievement and experiences in school and help parents understand the importance of their role in their child's education both at home and in the school setting.

PARENT – TEACHER CONFERENCES

Conferences will be conducted twice during the school year. Samples of students' work will be saved for the two scheduled conferences. Informal parent-teacher conferences can also be conducted on an as needed basis as requested by the parent or teacher.

PARTIES

School parties are held to celebrate: Halloween, Christmas and Valentine's Day. Your family may be asked to donate to the cost of these parties. If a parent does not want their child to attend class parties, due to religious preferences, please contact the building principal.

Invitations to outside functions are **NOT** to be distributed at school (e.g. birthday parties, slumber parties, etc.) unless the entire class is invited.

PROOF OF IDENTITY

Within forty days of enrollment, proof of identity of the child is required. If the school does not receive proof of identity, the local law enforcement authority will be notified that no proof of identity has been presented for the child.

- *Proof of identity* means a copy of a birth certificate, a certified transcript, or similar student records from the previous school.

PROMOTION AND RETENTION

Those students who have successfully completed the requirements of the grade and/or class shall be given a passing grade and be promoted to the next grade.

The well-being of the individual student shall be the primary factor to be considered when discussing whether or not a student shall be retained in their present grade. When retention is being considered for those students who do not meet the requirements of a grade the principal will convene a team consisting of the principal, parents, classroom teacher, WilMac special education representative, school psychologist, current teacher, receiving teacher, and school counselor. The team will complete the *Lights' Retention Scale* to guide them in determining retention. As part of the process, students may be assessed with an achievement, aptitude and/or ability test.

Final promotion and retention decisions rest with school authorities.

PROTECTION OF PUPIL RIGHTS AMENDMENT: PPRA

For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.

This policy does not apply to secular displays of seasonal objects.

REPORT CARDS

Report cards, and progress notes for students with Individualized Educational Programs (IEP), are sent home at the end of each nine week period. These reports will contain information on the students' behavior and grade in each subject. Parents are encouraged to use Powerschool to check grades. Parental access to Powerschool may be obtained by contacting the school office.

The Williston School District prohibits district employees, contractors, volunteers, and other individuals serving or working in any capacity for the District from use of any form of restraint and/or seclusion on students except when the following conditions are met and then only in compliance with policy: An emergency situation necessitates the use of physical restraint or seclusion to control violent, disturbed, or depressed behavior which may immediately results, or has resulted, in harm to that person or other person or to control behavior that has or may immediately result in extreme or extension damage to property. Restraint or seclusion may also be used when authorized by a parent-approved plan such as, but not limited to, BIP, EIP, or 504 plan.

REVIEW & COMPLAINTS OF INSTRUCTIONAL & RESOURCE MATERIAL

In order to consider the opinions of those persons in schools and the community who are not directly involved with the instructional and resource material selection process, and to avoid the possibility of a biased or prejudicial attitude influencing selection, a board-appointed district review committee shall deal with formal complaints about and/or requests for reconsideration of library and instructional materials.

This committee shall be responsible for reviewing all selection standards and procedures and shall work with all departments in clarifying selection criteria. All citizen requests for reconsideration of and complaints about instructional and resource material will be processed through the District Review Committee.

A procedure for processing and responding to criticism of approved material shall be established and followed. This procedure shall include the use of a formal signed "Request for Reconsideration of Instructional Resources" form.

The District subscribes to the philosophy stated in the School Library Bill of Rights.

SEARCHES OF STUDENTS & STUDENTS' PERSONAL PROPERTY

A search of a student's personal property or clothing shall only be undertaken when there is a reasonable and particularized suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal or the Superintendent must authorize all searches.

When the principal/Superintendent has reasonable suspicion that one or more students are carrying a prohibited object, article, or substance or are otherwise in possession of a prohibited object, article, or substance on school property or at a school-sponsored event, all personal property belonging to the suspected student(s) may be subject to inspection. When determining the scope of a search, the principal/Superintendent shall ensure that any measures adopted are reasonably related to the object of the search and not excessively intrusive in light of the age and sex of the student.

Search Procedure

For the purposes of this policy, personal property includes, but is not limited to, a student's vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted.

Searches of persons should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

Searches of Vehicles

The principal or designee, with a witness present, shall conduct searches of student vehicles if the vehicle is parked on school property and if reasonable suspicion exists. The principal shall make a reasonable attempt to contact the student who owns the vehicle and ensure s/he is present during the inspection unless an emergency situation is deemed to exist. If a vehicle is locked and its owner cannot be contacted or refuses to open it, the principal shall contact law enforcement.

Involvement of Law Enforcement

The principal/Superintendent may request the assistance of law enforcement to conduct any portion of a school-initiated search of a student/student's personal property that would pose a safety threat if conducted by school staff. In all other cases, law enforcement must have probable cause in order to search a student/student's personal property.

Illegal substances found during searches of students/students' personal property may be turned over to proper authorities.

Reporting Requirements

The administrator who authorized the search should notify the Superintendent whenever a search has been conducted.

STUDENT ALCOHOL & OTHER DRUG USE/ABUSE

Philosophy

The Williston School District shall strive to provide a learning environment that is safe, drug free, and conducive to learning. This policy is designed to help eradicate the influence of drugs and alcohol within the school environment,

promote awareness and health, and protect students in the school environment by imposing consequences for drug and alcohol related violations.

Prohibited Activities

It shall be against school policy for any student to:

1. Sell, deliver, or give, or attempt to sell, deliver, or give to any person any of the substances listed in this policy or sell, deliver, or give, or attempt to sell, deliver, or give to any person substances the student represents or believes to be a substance(s) listed in this policy.

A student will be determined to be "in possession" when the substance is on the student's person or in the student's locker, car, handbag, or when s/he owns it completely or partially.
3. Be under the influence of (legal intoxication not required), use, consume, or attempt to use or consume the substances listed in this policy or what is represented by or to the student to be any of the substances listed in this policy or what the student believes is any of the substances in this policy.

Reporting Violations

A student or staff member that has reason to believe that a student has violated this policy should notify a school official (i.e., a teacher or administrator if the reporter is a student; a school administrator if the reporter is a district staff member). Except in limited circumstances under law,^[1] a teacher is required to report known or suspected violations of this policy to the school principal or Superintendent.

Violation

When a principal/Superintendent has reasonable suspicion that a student has violated this policy, s/he may search the student in accordance with the district's policy on searches of students' personal property.

Such searches shall not include referral for mandatory alcohol/drug testing.

^[1]When a teacher/principal participates in a juvenile court program and receives confidential information about a student.

Disciplinary sanctions will be imposed on, and additional actions may be taken (as listed below) in response to, any violation of this policy. These sanctions may include suspension or expulsion, intervention (as described below), and notification of proper authorities for prosecution. Prohibited substances will be confiscated and illegal substances will be turned over to law enforcement authorities.

Intervention

It is acknowledged that the public school has neither the authority nor the responsibility to make medical or health determinations regarding chemical dependency; however, when observed behavior indicates that a problem exists that may affect the student's ability to learn or the educational climate of the school, the school has a right and a responsibility to refer the student for a formal chemical dependency diagnosis. The Superintendent shall develop a procedure for chemical dependency identification and referral for treatment.

Referral for treatment shall be a constructive not punitive action; however, use of the treatment program shall not override or prohibit the District from taking disciplinary action for violations of this policy.

The school will make a reasonable effort to cooperate with a therapy program if one is recommended for the student. The Board believes that if a student is involved in a chemical dependency program and is successfully addressing his/her harmful involvement with chemicals, s/he may continue in the regular school setting and continue to participate in any extracurricular program unless participation is in conflict with rules and regulations set forth by the Board and the North Dakota High School Activities Association and/or the student has been suspended or expelled as a result of a district policy violation.

The school may, through the use of available resources, provide follow-up counseling and supportive assistance to those students who return after successfully completing a therapeutic regimen, realizing that the student may need assistance in dealing with other environmental factors beyond the school's control which may remain unchanged.

Confidentiality

The District shall maintain the confidentiality of students referred for counseling and chemical dependency treatment in accordance with the district's policy on counseling records.

Education

The District will teach about drugs and alcohol in an age appropriate developmentally based education and prevention program in every grade in accordance with law. This program will include information about drug and alcohol counseling and rehabilitation programs available to the students.

In addition, the District will conduct staff orientation and training on drug and alcohol prevention, including a periodic overview of this policy and its procedures for implementation. The District will also provide parent and community education on the topic of drug and alcohol prevention.

STUDENT APPEARANCE

The Board encourages students to use sound judgment in dress and grooming. While attention seeking devices in dress and grooming are discouraged, students shall not be prevented from attending school or a school-sponsored activity because of appearance if style, fashion, or taste is the sole criterion for such action.

Prohibitions

The District prohibits the following articles of clothing or decoration at school-sponsored functions and/or on school property. Clothing/decoration that:

1. Is reasonably likely to substantially disrupt the educational environment.
2. Poses a health or safety risk.
3. Is destructive to school property and/or causes excessive maintenance problems.
4. Is intended to identify the student as a member of a gang.
5. Promotes illegal activities and/or the use of tobacco or alcohol.

The administration will make reasonable efforts to notify students of these rules. Each building principal shall develop a procedure for handling and disciplining students in violation of these rules.

While the school administration may require students participating in physical education classes to wear certain apparel which meets reasonable health and safety standards as established by the Board, they may not prescribe a specific brand that students must buy.

Students are expected to dress in proper school attire that is appropriate for the weather conditions, is fastened properly, and does not distract students or staff in the education process. Clothing that is suggestive, revealing, or obscene is prohibited in school or at school functions. Excessively revealing clothing may include halter tops, low-cut tops, tank tops, spaghetti straps, very short shorts or skirts, clothing that rides low on the hips, exposed undergarments, or clothing that reveals a child's midriff area. It is the parent's responsibility to see to it that their children are physically clean and are wearing clean clothing that conforms to the above guidelines. Parents are asked to use good judgment in the choice of clothing worn by students at school. If your child is not dressed appropriately or is wearing soiled clothing, he/she may be sent home to change to suitable attire or parents will be requested to bring appropriate clothing to school.

- Students may not wear any article of clothing, pins, buttons, or anything that advertises, displays, or in any way represents alcohol or drugs during the school day or at any school related activity.

- Parents should mark all outer garments such as coats, caps, mittens, overshoes, etc., in case these items become lost.
- Hair should be clean and well groomed.

Personal grooming and dress are primarily matters of concern between the students and their parents. It becomes a concern of the school, however, when grooming and dress patterns create a disruptive influence upon the educational program of the school or when the health or safety of the student body is affected.

Personnel granted such authority shall be required to comply with this policy and any disciplinary authority limits established by regulations. Employees unauthorized to administer student discipline shall report student misconduct to the appropriate school authority.

Any district employee who acts outside the scope of his/her assigned level of disciplinary authority may be subject to disciplinary action, including but not limited to, discharge from/termination of employment in accordance with law and/or the negotiated agreement.

STUDENT CONDUCT STANDARDS

To accomplish this, all students must recognize their individual responsibilities and obligations and discharge them in accordance with the school regulations. STUDENT INTERVIEWS, INTERROGATIONS, AND CUSTODY BY SCHOOL RESOURCE OFFICERS AND OUTSIDE AUTHORITIES

General Provisions

For all action permitted by this policy and/or law, it is the responsibility of law enforcement officials, not district employees, to assure compliance with procedural and constitutional safeguards.

School Resource Officers (SROs)

When acting in the role of a school official to investigate school policy violations and/or maintain the safety of the school environment, SROs may interview students without parental consent and may search students in accordance with applicable school district policy on searches by school officials. When a student is suspected of a crime, the SRO shall comply with the procedure below pertaining to police interrogations.

Communications with School Resource Officer (SRO)

In all cases where any law enforcement officer, other than assigned SROs, needs to interview or take into custody a student, the law enforcement officer should make every attempt to contact the school's primary SRO and inform them of the need to contact a student unless there is an emergency. If the primary SRO cannot be contacted then the law enforcement officer should continue their attempt in contacting any other district SRO. If available, the SRO will assist and coordinate the interview/taking into custody of the student with school officials.

Police Interviews and Interrogations

To minimize disruptions to the school environment and embarrassment to students involved, all police interviews and interrogations of students on school property shall be held in private unless the urgent nature of the situation prevents compliance with this requirement as determined by the building principal or designee in consultation with law enforcement. Students shall not be subject to coercion or illegal restraint during police interviews and interrogations.

1. When the student is the suspect of a crime (police interrogation)

The Superintendent or building principal shall only grant the interrogation request if the following conditions are met:

- a. The officer properly identifies him/herself to the building principal or designee if the officer is unknown to the school, confirms the identity of the student to be interrogated, and confirms the reason and purpose of the interrogation.
- b. The interrogation relates to a school matter or needs to be held at school because of justifiable law enforcement need that is explained to the building principal or designee.
- c. The student's parent, guardian, or attorney is present for the interrogation. This requirement does not apply to students of legal age.
- d. The student is read *Miranda* rights.

These requirements do not apply to crimes in progress, which are covered under this policy's section on taking students into custody.

2. When a student is a witness or victim of a crime

The Superintendent, building principal, or designee may grant requests for a police interview of a student who is a witness or victim of a crime if the following conditions are met:

- a. The officer properly identifies him/herself to the building principal or designee if the officer is unknown to the school, confirms the identity of the student to be interviewed, and confirms the reason and purpose of the interview.
- b. The interview relates to a school matter or needs to be held at school because of justifiable law enforcement need that is explained to the building principal or designee.
- c. At a minimum, a school official is available to be present at the police interview. The building principal or designee should attempt to contact the student's parent or guardian and allow them to attend the interview unless the urgent nature of the situation demands that the interview be conducted as soon as possible. The building principal or designee, in consultation with law enforcement, shall make the determination of whether or not to contact parents/guardians on a case-by-case basis.
- d. If, during the interview, the student becomes a suspect of a crime, the requirements in #1 shall be implemented as soon as this suspicion arises.

Interviews of Students by Officials of Other Agencies

If the student is arrested and/or taken into custody at a school, the school officials should make every effort to notify the parents immediately

Religious musical selections, literature, documents of historical significance, artwork, and other learning aids may be included in the curriculum on the basis of their particular educational value and/or traditional secular usage and shall be presented with works that are nonreligious in nature, shall be selected and performed as works of art, not as acts of veneration, and shall be presented prudently and objectively, with background information explaining their purpose.

If enacted, such prohibitions shall not violate law and may be limited to a specific period of time as determined by the Superintendent. No pets may be brought to school unless prior approval is given by the building principal.

WITHDRAWAL FROM SCHOOL

All textbooks and library books, as well as the school assigned chrome book, must be returned, and any fines or meal charges must be paid.

WELLNESS POLICY

The Board recognizes that there is a direct link between nutrition and learning. This link between nutrition and learning is well documented. Good nutrition and improved health optimizes student performance and ensures that no child is left

behind. Healthy eating patterns are essential for students to achieve their full physical and mental growth, and lifelong health and well-being. Healthy eating is demonstrably linked to reducing the risk of developing many chronic diseases in both children and adults.

Schools have a responsibility to help students and staff establish and maintain lifelong, healthy eating patterns. A healthy school environment has been shown to positively influence students eating habits. All students shall possess the knowledge and skills necessary to make nutritious and enjoyable food choices for a lifetime. In addition, the staff is encouraged to model healthy eating and physical activity as a valuable part of daily life.

The Williston Public School District #1's School Board supports a healthy school environment and acknowledges that the higher level of nutrition and wellness practices yield a greater amount of success in learning and quality education for our students. Utilization of the Williston Public School District #1 Administrative Wellness Guidelines will enhance this philosophy.
